Subject: Meeting regarding EPA's Proposed Notice of Environmental Conditions for VB/I-70 - OU-01

---

All - EPA would like to have a joint meeting between EPA, the State and the City of Denver on the Notice of Environmental Conditions that EPA is considering implementing within OU-01 at the Vasquez Blvd/I-70 Superfund Site. This notice would only be for residential properties within OU-01 that have not been sampled or remediated in accordance with the current remedy.

The purpose of this meeting would be to discuss the legal as well as the practical and administrative considerations of such an action. To implement this action, EPA will need to amend the remedy for OU-01 to include institutional controls such as this notice. EPA would like to engage both legal counsel and management from each agency in this discussion.
